**OFFICE OF THE GOVERNOR  
STATE OF MONTANA****BRIAN SCHWEITZER  
GOVERNOR****JOHN BOHLINGER  
LT. GOVERNOR**

Dear Fellow State Employees,

First and foremost – thank you for all your hard work and commitment to public service. Your work has been an inspiration to me over this past year.

The wind farm on the cover of the phonebook is meant to remind us of Montana's potential to be not only leaders in energy, but innovators in all fields - we are a state of many assets.

Of all our assets – people are the strongest. As state employees, we strive to make the lives of all our neighbors, children and families better. It is with our shared desire to serve the public that we work together making every day the best it can be.

Please visit [www.ideas.mt.gov](http://www.ideas.mt.gov) and send me your ideas on ways we can make our state government more efficient, save some money or serve our customers better – my door is always open. And I want to hear from you.

Sincerely,

Brian Schweitzer  
Governor

### **\* STATE TELEPHONE NETWORK (STN) USAGE \***

The state's telecommunications facilities are provided for the conduct of state business. In addition to state business, the state's telecommunications facilities may be used by state employees and officials for local and long distance calls to latch-key children, teachers, doctors, day care centers, baby sitters, and family members to inform them of unexpected schedule changes and other essential personal business. The use of the state's telecommunications facilities for essential personal business must be kept to a minimum and not interfere with the conduct of state business. Essential personal long distance calls must be collect, charged to a personal third-party number, or charged to a personal credit card.

The state's telecommunications facilities include any state-owned, leased, contracted for, operated, or maintained telecommunications equipment, services, or facilities, including private branch exchanges, telephone key systems, teleconferencing systems, local and long distance telecommunications circuits, cellular telephones, data communications equipment, video capabilities, land mobile radio equipment, telephone credit cards, facsimile equipment, and voice mail.

All in-state and out-of-state calls made on the State Telecommunications Network (STN) are billed to the originating state telephone number or authorization code.

---

## **GENERAL INFORMATION**

---

### **\* INFORMATION FOR MERIDIAN TELEPHONE USERS \***

The following pages provide detailed dialing instructions and trouble-reporting information for State telephone network users. Information designated with asterisks pertains only to those users on the State's Nortel Meridian Network, which is composed primarily of state offices in Helena as well as our Montana universities and colleges.

---

### **\* TROUBLE REPORTS \***

Report telephone service or equipment trouble conditions to 444-4455. There is generally no charge for repairs unless work is performed after normal business hours. Equipment repairs due to damage by the user may be billable. Report cellular telephone service or equipment trouble conditions to 800-942-2060.

If you are a university or college employee, call your campus telecommunications office to report trouble.

---

### **\* STATION ADD/MOVE/CHANGE REQUESTS \***

Telephone Service Request (TSR) forms are required for installation, modification, removal, or other changes to your service. Requests must be submitted through your telephone coordinator. TSRs should be submitted to Voice Operations at least 15 days prior to the desired date of change. This will allow both technical and financial options to be reviewed and ensure accurate processing of the service request.

Telecommunications technicians are the only authorized personnel having permission to unplug, plug in, move, and take apart telephone equipment, modular cords, and jacks. Conduit or raceway is required for all new telephone jacks.

If you are a university or college employee, call your campus telecommunications office to request service changes.

---

### **\* LONG DISTANCE COSTS \***

State of Montana long distance calls are billed via the Information Technology Services Division in Helena. This is true for state offices throughout Montana, regardless of whether they reside on or off of the State's Meridian network. The State Telecommunications Invoice and supporting information are distributed to each agency mid-month for the previous month's bill cycle. Outgoing long distance calls are billed at 13.5 cents per minute during the day and 10 cents per minute nights, weekends and holidays. Incoming calls to the State's toll-free numbers are billed to the agencies at 10 cents per minute. For international calling rates you may contact Voice Operations at 444-2586.

---

### **\* TELEPHONE CALLING CARDS (For State Business Use Only) \***

The Network Technology Services Bureau manages the State's calling card program. Requests for cards should be submitted through your agency telephone coordinator. Directions for use are printed on the back of each card. Usage charges are included on the State Telecommunications Invoice. For more information contact Voice Operations at 444-2586.

## GENERAL INFORMATION

### \* CONFERENCE CALLING FROM A MERIDIAN TELEPHONE \*

\* Single-line phones can be used to set up a three-party conference call: Call the first party, and when they are on the line, flash the hook switch; after the three beeps and dial tone, dial the second party; announce the conference; flash the hook switch to connect both to you. If you encounter a busy signal or no-answer when attempting to add a party to your call, dial 1187 to disconnect the unanswered line.

\* Multi-line sets can be used for conference calls with up to six parties, three of which can be from off-campus locations. Call the first party, and when they are on the line, press the Conference button; after the three quick beeps and dial tone, dial the second party; announce the conference; press the Conference key again to connect all three of you; repeat for the additional calls. If you encounter a busy signal or no-answer when attempting to add a party to your call, do not press the Conference key a second time. Instead, press the originating line key to return to your call.

\* For larger rooms and more people participating, borrow a teleconference unit from the Network Technology Services Bureau (call 2700) to be used in your office or a conference room on the capitol complex (you must use an active single-line jack). The instructions for use are included with the equipment. This system works well when a group of people in a room wants to talk to one person off campus, such as during a job interview. A large speaker sits in the center of the table so that all people can participate in the conversation.

---

### \* CONFERENCE CALLING USING THE CONFERENCE BRIDGE \*

A Meridian Integrated Conference Bridge (MICB) with 62 ports is located in the Mitchell Building. This service is managed by the State Government Operators. All participants call either a toll-free or local calling number at a pre-designated time and are automatically connected to the conference bridge. Line rates for conference calls are based upon the state's current long distance calling rate, and will be charged \$0.10 per minute for each long distance, toll-free line. All conference call requests need to be faxed to 444-2701. For questions regarding scheduling a conference call, dial 444-2586.

Conference calls using the bridge should be scheduled with as much advance notice as possible. Changes to your teleconference may be made up to 60 minutes prior to the scheduled start time. Charges may apply.

**SETUP CHARGE:** Based on the number of participants per conference, the following setup charges will apply.

Number of Participants	
1 to 5	\$10.00
6 to 10	\$20.00
11 to 15	\$30.00
16 to 20	\$40.00
21 to 25	\$50.00
26 +	\$60.00

For further information, call 444-2586

### **\* ACCESSING INDIVIDUALS WITHIN STATE GOVERNMENT \***

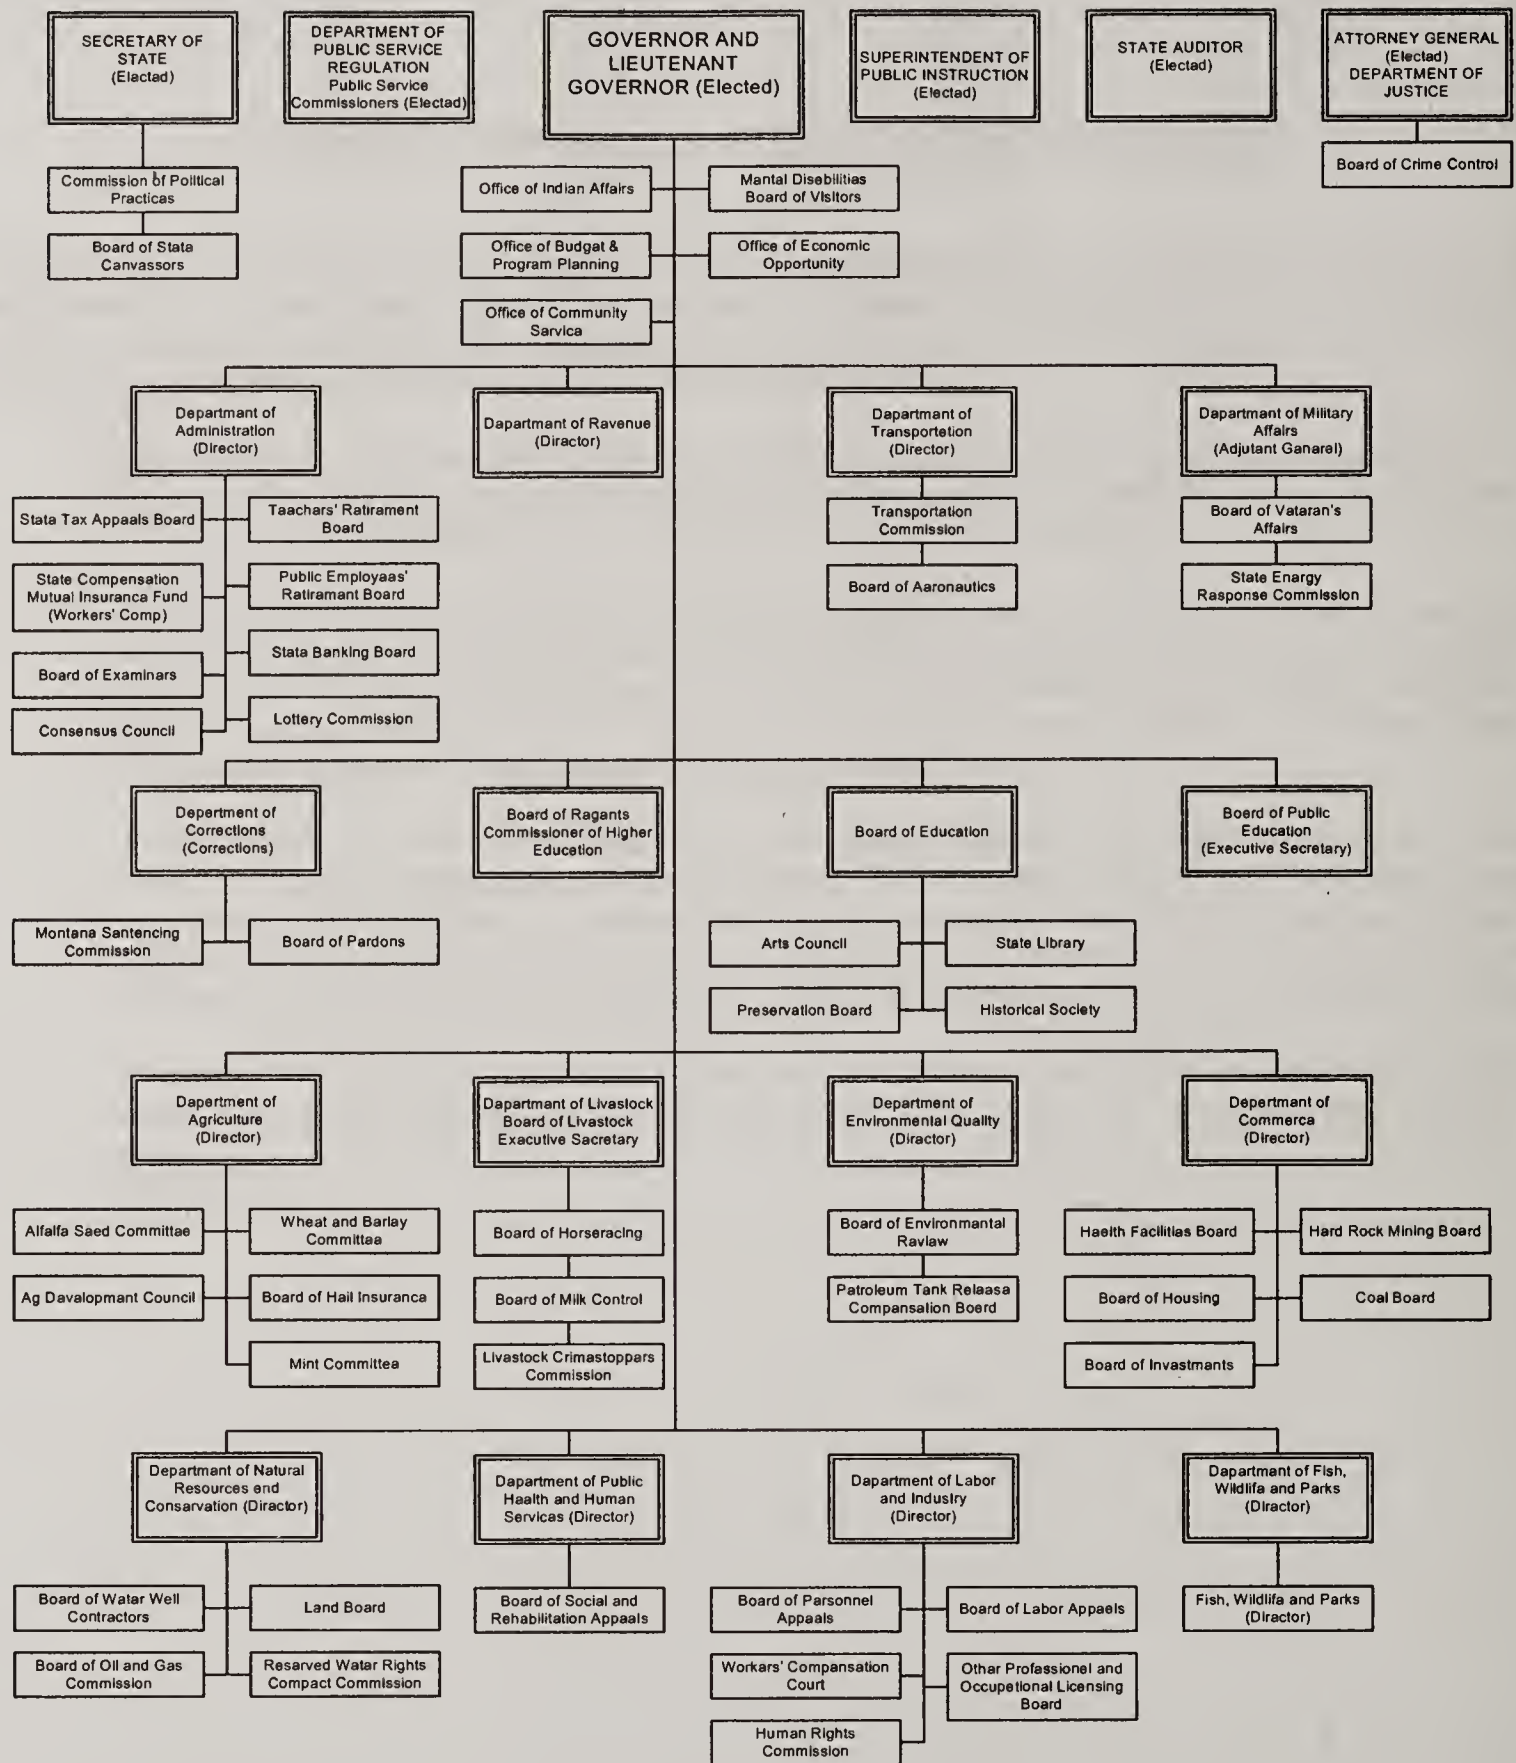

In an effort to reduce costs and provide better service, the employee section of the state telephone book has been moved to an online format. The Internet and intranet version of the employee directory allow us to provide more accurate and up-to-date information on individual employee agency, phone and e-mail listings. There are several options for contacting individual state employees.

1. State employees may use MINE, the state intranet at <http://www.mine.state.mt.us/> to search an employee directory with names, departments, phone numbers and e-mail addresses. Instructions on how to access this directory will be available from the MINE homepage.
2. You may utilize the official state website at [www.mt.gov](http://www.mt.gov) to find key employees in each state agency. From the home page, click on "Government", then "State Agencies". You will find a list of phone directories on the right side of the page. If you know which agency a person works for, select the Agency Listings, then the agency name and look through the department listing. The direct link to the Agency Listing page is: [www.mt.gov/govt/agencylisting.asp](http://www.mt.gov/govt/agencylisting.asp).
3. You may use the directory in OUTLOOK, on most state computers. From the Inbox Option, select the icon at the top of the toolbar that looks like a book. This address book will scroll through a list as you begin to spell the last name. You must spell the name correctly. This listing will include phone numbers, departments and e-mail addresses. Outlook also includes features to search for people by department, and by first name, if necessary. This is not a complete listing of all the State's employees.
4. The state government operators are available between 7:30 a.m. and 5:00 p.m. (Monday through Friday, excluding state holidays) to access information and direct calls. You may reach them by calling (406) 444-2511.

## How to Use the Library:

Requests for a library card, library materials or assistance with research can be made through our web pages at <http://msl.mt.gov/lisd>. Links are provided to an inventory of our resources at the MSL Catalog, a large selection of professional electronic journals, specialized databases on business, the environment, and state government, and an index to full-text articles from thousands of journals published worldwide.

Materials not owned by the library will be obtained for you via national resource sharing library networks. Please call 444-3016 for more information.
